OF TECHNOLOGY ASSESSMENT

ADVANCED DRAINAGE SYSTEMS, INC. (ADS)
WATER QUALITY UNIT (WQU)

*The Ontario Ministry of the Environment has reviewed the **Water Quality Unit** designed by **Advanced Drainage Systems Incorporation (ADS)**. Based on the review of the documentation submitted by the company (see Appendix), including laboratory test results, the Ministry concludes that the **ADS Water Quality Unit** can provide useful initial solids and floatables (oil and grease) removal as part of a stormwater management system.*
